Erection of 1 No. building to form nursery (Use Class E) with apartments (Use Class 3) above, with landscaping, access, parking and other associated works.

A local resident raised concerns about the change from previously approved 2 storey to a 4 storey building, which would remove and reverse the 'transition' currently stepping down from 3 storey to 2 and single storey moving into Harry Stoke hamlet. Following discussion, members have concerns with this planning application stating the loss of green space, the varied heights of the proposed buildings, the dominance of a 4 storey building and its adverse impact on the character of Harry Stoke, child safety concerns with the balconies over a play area and insufficient parking bays. It was also noted that South Glos planning officers expressed concerns, at the pre-application stage, about the impacts of the proposals on views along Harry Stoke Road and the character of the area and upon the proximity of the proposed residential development to a sports area within the proximity of the school land. Councillor Dave Addison proposed objection and made comment the building should be kept at two storey to keep the height of the building in line with adjacent dwellings, seconded by Sue Bandcroft, carried unanimously.

The Chair, Councillor Andrew Shore, updated Members on the previous application, which SGPC objected to, South Glos refused and for which a government Inspector dismissed the appeal. The new application does not

	<p>increase the roof ridge height, unlike the previous application, and would appear to be permitted development. Following a short discussion, Councillor Dave Addison proposed no comment to this planning application, seconded by Councillor Tony Hyde, carried.</p>	
6.	<p>Update on previous planning applications</p> <p>The Clerk included previous planning applications in the documents and the decisions made by SGPC and SGC. The Chair, Councillor Andrew Shore updated members on South Glos Council’s refusal for 22 Britannia Close.</p>
