

## Brooklands – Community Centre

Dear Neighbours,

We hope this finds you well.

We wanted to inform you that following on from the completion of the enabling works performed by Crest Nicholson, we are looking to mobilise and be onsite from the 4th November.

### Why are John Perkins Construction here?

From the 4th November John Perkins Construction will be commencing work on a new community centre for Brooklands.

The community centre will be comprised of a lobby, café and servery, kitchen, W/c facilities, office and meeting rooms and community hall.

The works are due for completion at the end of Summer 2025.

We know that construction works can be disruptive to the site's neighbours, but we aim to keep in close contact with the local community and minimise disruption to your day-to-day activities and commutes.

If you have any questions or queries, our team can be contacted as below.
